Email: vsrp@math.tifr.res.in

The Visiting Student Research Program is intended to orient students towards research in Mathematics. The programme is for students currently enrolled in a Bachelor's or Master's programme and not for PhD students or faculty members in colleges or Universities

Students selected under the programme are guided through an advanced Reading Course (or other appropriate project). This will afford students an opportunity to interact with leading mathematicians of the country. Special lectures aimed at introducing the students to advanced areas of mathematics are also organised.
